

PRO-FIND 40

- **Increased Depth** — 10% more*
- **Adjustable Sensitivity** — 5-levels
- **RAPID Re-tune** — On-demand calibration
- **Lost Alarm** — Always at hand
- **Ferrous Tone ID** — Sort trash from treasure
- **DIF Technology** — Protect performance

*Compared to Pro-Find 35

Waterproof
to 3 m (10 ft)

PRO-FIND 40 – Deeper, Quicker, Tougher.

ULTIMATE RELIABILITY

Coil design advancements, algorithm tuning and the new Rapid Re-tune feature make the PRO-FIND 40 the most reliable pinpointer ever. This means you can trust every signal and retrieve targets with ease.

INCREASED DEPTH

Finely tuned algorithms and circuitry deliver a solid increase in detection depth by 10%* making PRO-FIND 40 Minelab's deepest and most accurate pinpointer.

ADJUSTABLE SENSITIVITY

Five sensitivity levels enable you to precisely adjust for maximum depth and minimum noise in all ground conditions.

RAPID RE-TUNE

Rapidly re-tune your PRO-FIND 40 to suit your environment at the press of a button, minimising interference in challenging ground conditions.

LOST ALARM

PRO-FIND series pinpointers feature a lost-alarm that sounds after a period of inactive use. This makes it easy to locate your forgotten PRO-FIND 40, even in long grass, so you never leave it behind.

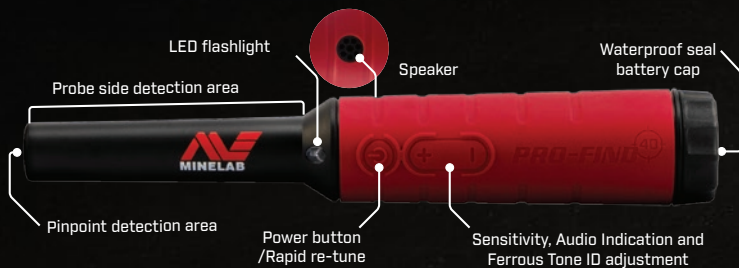

FERROUS TONE ID

Two different responses help you to identify ferrous junk from non-ferrous treasure.

DIF TECHNOLOGY

DIF significantly reduces interference with an operating detector when PRO-FIND 40 is switched off.

Lanyard

9 V PP3 Battery

Technical Specification

Key Technologies	VLF, DIF
Target Identification	Ferrous Tone ID
Sensitivity	Adjustable (5 levels)
Waterproof	Waterproof to 3 m (10-ft)
Rapid Retune	Yes
Audio Indication	On, Off
Vibration indication	Yes
LED flashlight	Yes
Battery	9V PP3 (included)
Battery life	20 hours nominal
Length	247 mm (9.7")
Weight	188 g (6.6 oz) no battery 234 g (8.3 oz) with battery
Accessories	Holster, Lanyard
Warranty	24 months
Availability	Not all PRO-FIND models are available in all region. Please contact your local dealer for more information.
